

Jiayao(Zoe) Zhang

BACKEND SOFTWARE DEVELOPER

☎ (+01) (408)569-4248 | ✉ jiayao316@outlook.com | 📷 Furiolah | 🌐 jiayao-zoe-zhang | furiosah.github.io

Summary

Backend Developer with over **3 years** experience specializing in Java development. Currently seeking new opportunities in **backend** development. Strong collaborator in global agile teams, skilled in driving innovation and mentoring junior developers. An engineer who loves solving problems.

Education

McGill University

B.A./BSC. MAJOR IN COGNITIVE SCIENCE (COMPUTER SCIENCE STREAM), MINOR IN LINGUISTICS

- cGPA 3.69/4.00

Montreal, Canada

Sept. 2017 - May. 2021

Work Experience

Citigroup Services and Technology (China) Limited

APP DEV PROGRAMMER ANALYST 2

Shanghai, China

Jul. 2022 - Jan. 2025

- Designed and implemented a **microservices-based** risk management **web application** using **Spring Boot**, **Oracle**, **Kafka**, and **Angular**, integrating **Monte Carlo simulation models** for loss forecasting. Deployed via **Jenkins** and **Docker**, with testing ensured by **JUnit** and **automated frameworks**.
- Architected a workflow automation engine using **Spring State Machine**. Designed 10+ states and transitions on **Oracle** DB to streamline multi-role approval processes. Reduced maintenance costs by **40%** and evaluation time by 80%.
- Led the design, development, and deployment of **6** major features and **30+** minor enhancements.
- Integrated the system with a golden source, improving data accuracy and eliminating **5%** of outdated records, while reducing efforts by **40%**.
- Implemented **data visualization** for file download features using **Apache POI**, improving user efficiency in data analysis by **20%**.
- Delivered a knowledge-sharing session on new features of **JDK 17**, prepared team for adoption of new technologies.
- Mentored 1 intern and 1 new graduate through task assignment, code review, and deliverable quality assurance.

Citigroup Services and Technology (China) Limited

APP DEV PROGRAMMER ANALYST 1

Shanghai, China

Jul. 2021 - Jun. 2022

- Developed an internal **web application** to analyze daily financial news and generate word clouds. Implemented a **Spring Batch** pipeline to regularly fetch data and integrate with a Python endpoint.
- Actively contributed to innovation projects. Developed a POC system using **Spring Boot** and **MyBatis-Plus** to manage work-from-home plans.
- Designed and developed an email management tool during a hackathon and earning a **Bronze medal**. This tool gained the attention from 2 teams and led to internal presentations.

AI Lab, ByteDance

ENGLISH LINGUISTICS SUMMER INTERN

Shanghai, China

May. 2020 - Nov. 2020

- Collaborated with MLEs to generate reliable data, improving the accuracy of English pronunciation scoring models for second-language learners by **20%**, and increasing user satisfaction by **30%**.
- Trained and led a vendor team for data annotation, enhancing phoneme labeling reliability by 18% after training.
- Processed and cleaned data extracted from the application using **Python**, which facilitated effective analysis and model improvements.

PanPass Information Technology Co., Ltd.

WEB DEVELOPMENT SUMMER INTERN

Beijing, China

Jun. 2018 - Jul. 2018

- Assisted in the backend development of the Sinopec website using the Spring Boot.
- Involved in the transformation from user interaction testing to **automated testing**. Tested **3** new features and **2** legacy features.

Personal Project

RefactoAI

FULL STACK DEVELOPER

Santa Clara, US

Feb. 2025 - current

- <https://github.com/Furiolah/RefactoAI>
- Developed an AI-powered code review and refactoring assistant. Allows developers to analyze, optimize, and enhance code quality using **LLM**.

Business Abbreviation Search Engine

SOFTWARE ENGINEER

Shanghai, China

Jan. 2023 - Jul. 2023

- Developed an internal search tool for business-related abbreviations, using **Spring Boot**, **Elasticsearch**, and **Angular** over three iterations.

Community Involvement

Women Leadership

ORGANIZER

Shanghai, China

2023-2024

- Planned and executed four **women leadership** events.
